Thursday, April 27, 2017

10:00 – 11:30 a.m.

Four Rivers Special Education

Garrison School

936 W. Michigan Avenue

Jacksonville, IL

Target Audience:

All mandated reporters who work with children. Mandated reporters are required to report suspected child maltreatment immediately, when they have “reasonable cause to believe” that a child known to them in their professional or official capacity may be abused or neglected. Privileged communication between professional and client is not grounds for failure to report. School personnel are considered mandated reporters and State law does protect their identity.

The training will include DCFS, the Police Department, and Advocacy Network for Children. Come learn what information is required and helpful when making a report and what constitutes making the hotline call. We will have Question & Answer time with the presenters.
